RULES & REGULATIONS

SECTION 1 - INTRODUCTION

Section 1.1 - Introduction:

Section 11.12 of the VACCA Declaration provides for rules and regulations as follows:

11.12 House Rules

The Board or the Association membership is empowered to pass, amend and revoke [detailed] administrative rules and regulations, or "House Rules," necessary or convenient from time to time to [e]nsure compliance with the general guidelines of this Article and the other provisions of this Declaration. Such House Rules shall be binding on all Apartments Owners, lessees, guests and invitees upon adoption by the Board or Association.

The rules and regulations in this report are shown exactly as approved by the Board and hence are in quotes. There is acceptable evidence of formal adoption by the Board for each of them.

Only the Board or the membership can pass, amend, and revoke rules and regulations, not a committee or an individual. Committees or individuals that wish to propose additions or amendments to, or deletions from, the regulations included here must submit the proposed changes to the Board for formal approval. Since extensive editing or paraphrasing of adopted rules and regulations constitutes amendment, committees or individuals that prepare documents containing them should either quote them directly from this report or submit proposed rewording to the Board for official action. Section 11.12 of the Declaration can be interpreted to suggest that rules and regulations not formally adopted by the Board or the membership are not binding on Apartment owners and others.

RULES & REGULATIONS

SECTION 2 – MANAGEMENT OF CONDOMINIUMS

Section 2.1 - Contracts and Purchasing

2.1.1. These regulations are written to fulfill the requirements of Section IV-10 of the Bylaws that, to minimize potential problems, the Board establish and enforce rules and regulations as necessary to provide standard procedures to be followed when either purchasing an item or entering into a contract for goods or services. [Adopted 7/12/05.]

2.1.2. When used here the term “Committee Chair” means a chairperson who has been authorized on a Committee Statement of Purpose, or otherwise, to expend funds within guidelines established by the Board and to obtain bids and cosign contracts and purchases within the provisions of these Rules and Regulations. [Adopted 7/12/05.]

2.1.3. A Committee Chair shall not initiate the expenditure of funds without Board approval unless the expenditure has been provided for in the annual budget approved by the Owners or funds are available within that budget. If in doubt the Committee Chair shall ask the Treasurer to confirm the availability of the funds. Committees shall make every effort to operate within the approved budget. [Adopted 7/12/05.]

2.1.4. The following paragraphs are intended to comply with requirements in the Bylaws that: all contracts shall be presented to the Board for approval (Section IV-10); and the President and the Secretary or the Treasurer shall, on being so directed by the Board, sign all leases, contracts, or other instruments in writing (Section V-5). [Adopted 7/12/05.]

2.1.5. Written cost estimates for work orders/contracts or purchases should be obtained from a minimum of two (2) documented competitive bids if reasonable or possible unless obtaining only one bid is approved by the Board. Except that, for work orders/contracts or purchases less than \$1,500 (see paragraph 9), verbal cost estimates may be obtained. However, the requirement for competitive bids is waived if a work order/contract or purchase order is to be issued to a contractor or vendor already established with VACCA and previously approved by the Board for a period not to exceed two (2) years. [Adopted 1/15/09.]

2.1.6. For those contracts that the Association has very little control over such as cable service or others that might fall into this category, the Board should cause a review at the appropriate time interval. For others, such as insurance, the Board should require a review every three (3) years by making contact with the appropriate party of the billing organization. If possible an updated agreement should be approved by the Board and signed by the President and the Treasurer or the Secretary (as required by the Bylaws), and by the issuing billing organization. [Adopted 6/14/01, amended 7/12/05 & 1/15/09.]

RULES & REGULATIONS

2.1.7. For those work orders/contracts or purchases that exceed \$5,000.00 during the life of the work order/contract or purchase, the responsible Committee Chair must obtain Board approval for the proposed expenditure. The Committee Chair shall then obtain two or more cost estimates as provided in paragraph 5. After selecting a contractor or vendor the Committee Chair will issue a work order/contract or a purchase order. The work order/contract or purchase order is to be presented to the Board for approval at its next regular meeting. After approval, the work order/contract must be signed by the President, the Treasurer or Secretary (as required by the Bylaws), and by the responsible Committee Chair. Purchase orders may be signed by only the responsible Committee Chair. [Adopted 6/14/01, amended 12/11/03, 7/12/05, & 1/15/09.]

2.1.8. For those work orders/contracts or purchases between \$1,500.00, including sales tax, and \$5,000.00 during the life of the work order/contract or purchase, subject to paragraph 3 the responsible Committee Chair should (but may elect not to) advise the Board of the proposed expenditure at its next regular meeting. The Committee Chair shall obtain two or more cost estimates as provided in paragraph 5. After selecting a contractor or vendor the Committee Chair will issue a work order/contract or a purchase order. The work order/contract is to be presented to the Board for approval at its next regular meeting. After approval, the work order/contract must be signed by the President, the Treasurer or Secretary (as required by the Bylaws), and by the responsible Committee Chair. Purchase orders may be signed by only the responsible Committee Chair, subject to paragraph 3. [Adopted 6/14/01, amended 12/11/03, 7/12/05, & 1/15/09.]

2.1.9. For work orders/contracts less than \$1,500, subject to paragraph 3 the responsible Committee Chair should (but may elect not to) advise the Board of the proposed expenditure at its next regular meeting. The Committee Chair should obtain one or more cost estimates as provided in paragraph 5. After selecting a contractor, the Committee Chair will issue a work order/contract. The Board hereby delegates to the responsible Committee Chair the authority to sign work order/contracts for standard maintenance and repairs costing less than \$1,500. However, the Chair is to present the work order/contract to the Board for ratification at its next regular meeting. Purchase orders less than \$1,500 are subject only to the requirements of paragraph 3. [Adopted 7/12/05, amended 1/15/09.]

2.1.10. The purchase of office, clubhouse, landscaping, pool (e.g., chemicals), and similar supplies is exempt from the requirements of paragraph 9 above but not paragraph 3. Purchases using Petty Cash are exempt from all requirements. [Adopted 7/12/05, amended 1/15/09.]

2.1.11. For EMERGENCY situations presenting a danger to life or property, or for unusual situations or problems identified by the Committee Chair as requiring immediate action, repairs should be made without delay to protect property and residents. However, an estimate of the cost should be reported to the President at the earliest time or date. If deemed necessary, the President shall call a special Board meeting to evaluate the

RULES & REGULATIONS

problem. The responsible Committee Chair is not required to secure written cost estimates. After selecting a contractor, the Committee Chair will issue a work order/contract. The Board hereby delegates to the responsible Committee Chair the authority to sign work order/contracts for the repairs. However, the Chair is to present the work order/contract to the Board for ratification at its next regular meeting. [Adopted 6/14/01, amended 12/11/03, 7/12/05, & 1/15/09.]

2.1.12. The work orders/contracts referred to above shall detail the work to be performed, the cost (or estimated cost if the actual cost is not available at the time of issue), and other pertinent terms. Work orders/contracts can be either fixed price or cost reimbursable up to a specified maximum amount. They may be amended if so approved by the Board upon the recommendation of the responsible Committee Chair. Signed work orders/contracts are to be mailed to the respective contractor and a copy retained in VACCA files. On completion and acceptance of the work, the responsible Committee Chair will approve the contractor's invoice in writing, if found correct, and submit it to the Treasurer for payment. [Adopted 7/12/05, amended 1/15/09.]

Section 2.2 - Mailing Documents to Owners

2.2.1. Documents must be mailed to owners at their local residential addresses if they cannot be hand delivered in a timely manner. Snowbirds should file forwarding addresses with the Postal Service. [Adopted 5/8/03, amended 12/11/03.]

Section 2.3 - Proxy Form to be Used for Membership Meetings

SECTION 6 – OTHER COMMON AND LIMITED COMMON AREAS

Section 6.1 - Owner Requested Maintenance Work

Scope of These Regulations

6.1.1. As used here, the term “Maintenance Work” has the meaning defined in Section 11.5.3(a) of the Declaration: caring for, maintaining, repairing, repainting or redecorating limited common areas. It is also used to refer to the painting, maintenance, repair, and all landscaping and gardening work for the common area (Section 10.4.1(e)). [Adopted 7/12/05.]

6.1.2. These regulations pertain to maintenance work requested by individual owners, not work initiated by the Board or one of its committees. [Adopted 7/12/05.]

Section 6.2 – Use of Reporting Forms

6.2.1. Maintenance Work must be requested by any owner by completing and submitting either a Landscape Reporting Form or a Building Maintenance and Repair Reporting Form. The forms are in a holder to the right of the bulletin board in the clubhouse. Instructions for completing them are on the forms themselves. The forms are to be placed in the VACCA box below the bulletin board but in an emergency may be given directly to the appropriate committee chairperson. [Adopted 7/12/05.]

6.2.2. The forms submitted will be retrieved by the chairperson of the Building and Roads Committee or the Landscape Committee as appropriate. Upon receipt the chairperson shall notify the owner that the form has been received and may request additional information. At that time or as soon thereafter as practical the chairperson will give the owner an estimate of the target date for completion of approved maintenance work listed on the form. That target date shall be noted on the form by the chairperson. [Adopted 7/12/05.]

6.2.3. The Building and Roads Committee or the Landscape Committee will follow up on all items reported on the form. The chairperson shall, as appropriate, complete the section at the bottom of each form to record: the name of the person and/or company that will complete the maintenance work and to whom a copy of the form or other specifications was sent, and the date; who completed the maintenance work and the date; any appropriate notes; and the date the form was added to the owner’s file. [Adopted 7/12/05.]

6.2.4. Monitoring the Completion of Maintenance Work: The appropriate committee chairperson shall monitor the completion of the Maintenance Work requested. If the target date for completion changes from the original estimate, the chairperson shall notify the owner of the new date and note it on the form for the record. [Adopted 7/12/05.]

RULES & REGULATIONS

6.2.5. The committee chairperson shall maintain a file and/or list of all requests whose work has not been completed. As part of the committee's report at Board meetings the chairperson shall report the number of requests 30 days or more overdue and the reason for the delay. Individual requests can be cited as desired. [Adopted 7/12/05.]

6.2.6. If no action is taken on a request for Maintenance Work, the target date for completion has passed, only part of the work requested was completed, or the owner submitting the request is dissatisfied in some other manner, he or she should submit a second request form stating the problem. In addition, he or she should discuss the matter with the appropriate chairperson. If the owner is still not satisfied, he or she shall send a letter to the Board, or make a verbal report at a regularly scheduled Board meeting, presenting his or her concerns and requesting a resolution by the Board. A decision by the Board shall be binding upon the owner. [Adopted 7/12/05.]

Section 6.3 – Performance of Maintenance Work

6.3.1. In accordance with the Declaration, the Board is to acquire "all goods and services requisite for the proper functioning of the Condominium (Section 10.4.1) and has "the exclusive right and duty" to acquire Maintenance Work for the common area (Section 10.4.1(e)). [Adopted 7/12/05.]

6.3.2. The performance of Maintenance Work for the limited common areas is also to be carried out by the Board (Section 11.5.3(b)). However, "by written notice, the Board may permit" the owner of the Apartment "to which the common area in question is assigned or reserved" (i.e., limited common area) to perform the Maintenance Work (Section 11.5.3(b)). The owner wishing to do so shall submit a written request to the Board through the appropriate committee chairperson, and shall not perform the work until after written approval has been subsequently received from the Board. [Adopted 7/12/05.]

6.3.3. According to Declaration Section 10.4.1(n), "each owner, by the mere act of becoming an owner", has appointed "the Association as his attorney-in-fact... to take such action as reasonably necessary to promptly perform the duties of... the Board". This includes but is "not limited to the duties to maintain, repair and improve the property". An owner shall not, therefore, initiate, authorize, or carry out any Maintenance Work without the prior written approval of the Board. Any such action will be considered a failure to comply with provisions of the Declaration including Sections 11.12 (House Rules) and 16.1 (Enforcement of Compliance with Declaration), which are grounds for legal action. Also, the Board shall not reimburse an owner for any Maintenance Work costs that he or she incurred without the prior written approval of the Board. [Adopted 7/12/05.]

6.3.4. Declaration Section 11.5.3(a) provides that the Board shall make "decisions with respect to the standard of appearance and condition of limited common areas, and with respect to the necessity for, and manner of," associated Maintenance Work. The Board

RULES & REGULATIONS

hereby delegates the making of these decisions to the chairpersons of the Building and Roads Committee and the Landscape Committee, as appropriate. Privacy screens can be no larger than 6' in height. A standard design specification will be supplied with the "Application to Alter a Common or Limited Common Area" form given to the applicant by the Landscape Committee. The application shall specify the living vegetation to be grown on the screen, if any. The application will be approved by the Board only when there is no other means of providing privacy screening between two units with aligned kitchen/dining area windows. SECTION 7 - WINDOWS

Section 7.1 - Window Repair and Replacement

7.1.1. Windows will be repaired on a cyclic basis. That is, they will be repaired on the same cycle as painting, siding and garage doors. Exceptions are windows with broken or cracked glass, windows causing rot or nearby damage to a unit, or any other severe condition that the B&R chair identifies. These windows will be deemed “emergency” and repaired as soon as possible. Windows with broken seals (cloudy) will be replaced as part of a cycle. All owners scheduled for window replacement will be contacted by B&R and one member of the Board during the planning phase to discuss what windows are to be replaced and why. A B&R member will contact owners to arrange for a specific day/time for this inspection and discussion. Windows in highly used areas of the condo will be priority. Windows will be replaced with windows of similar style and functionality. This may be altered by request of the owner (if approval by the B&R chair) as long as it provides a consistent look across our community. For example, some owners may want triple pane windows for windows that face an active, noisy road. This may be approved provided the owner pays for the cost difference. All owners will be notified no less than one week prior to when window replacement begins. Owners are responsible for making their unit accessible for installation and moving any furniture required to allow installation. VACCA is not responsible for any internal painting after window replacement. Windows not scheduled for replacement may be replaced at the request of the owner. Owner will fill out a Building Maintenance and Repair Reporting Form briefly outlining the windows they would like to have replaced following the guidelines as described herein. Upon approval by the Board, the B&R chair will notify owner of approval and the contractor to be used. Owner will contact the contractor for quote and make arrangements for installation. Owner will be responsible for the entire cost. [Adopted 6/14/18.]

Section 7.2 – Window Repair and Replacement Guidelines

7.2.1. Inasmuch as VACCA has responsibility for virtually all of the windows in the Village, it is the policy of VACCA to have all windows in good condition. Windows will be repaired or replaced as necessary to maintain the safety and health of residents, the integrity of buildings, and the good appearance of the community. To that end, VACCA has established the following to guide the repair and replacement of windows in the Village. It was also the intent of these guidelines to ensure that non-emergency window replacements proceed in a fair and equitable manner.

- (1) A work Request is required for any window repair or replacement unless initiated by B&R [Buildings & Roads].
- (2) For replacement the first priorities are windows with broken or cracked glass, windows that have non-repairable function, windows causing rot or other damage to a unit, or any other severe condition the B&R Committee identifies. These

RULES & REGULATIONS

windows will be deemed “emergency” and replaced as soon as possible. A Work Request is required to have these issues addressed unless initiated by B&R.

- (3) Windows with broken seals (cloudy) or other non-emergency issues will be replaced as part of an annual project typically scheduled for late spring or early summer to the extent budgeted for. Any non-emergency backlog remaining after the annual project will be addressed as part of the budget process. To be included as part of the annual project windows must be identified by either the owner by means of a Work Request or by the B&R Committee.
- (4) The annual window replacement project will generally follow the phasing of the Village painting project but may somewhat lag or proceed ahead depending upon budget considerations.
- (5) For windows included as part of an annual project, a B&R Committee member will contact owners to arrange a specific day/time to inspect and discuss with owner what window(s) need to be addressed and why.
- (6) To the extent possible windows to be replaced will be replaced with windows of a similar style and functionality. Windows will not be replaced for cosmetic reasons. This may be altered at the request of the owner (if approved by B&R) as long as it maintains a consistent look across the community. For example, an owner may want triple pane windows to address noise issues which may be approved provided the owner pays for any cost difference.
- (7) Except for emergency situations, owners will be notified not less than one week before window replacement is scheduled for their unit. Owners are responsible for making their units accessible for window installation including moving any furniture required to allow the work.
- (8) VACCA is not responsible for any interior painting following window replacement.
- (9) Replacement of windows not scheduled for replacement may be addressed at the expense of the owner. Owner shall complete a Work Request form briefly outlining the windows they would like to have replaced acknowledging the style and appearance will follow the provisions of these guidelines. Subject to B&R Committee and VACCA Board review and approval the B&R Committee will notify the owner of the approval and the authorized contractor to be used. The owner will arrange directly with the contractor to perform the installation and the owner will be responsible for all costs thereby incurred.

RULES & REGULATIONS

SECTION 10 – RODENT CONTROL

Section 10.1 - Purpose of These Regulations

10.1.1 One of the purposes of these regulations is to reduce as much as possible the opportunities for rodents (squirrels, chipmunks, mice, racoons, and rats) to find entry into VACCA homes without reducing the fun of feeding and watching birds. Unfortunately, rodents are usually attracted by bird seed. When rodents gain access to crawl spaces and attics it is possible for them to cause extensive damage to insulation and wiring that can be very expensive to clean up and repair. Furthermore, health issues can occur as a result of rodent infestations. The following regulations are meant to help minimize these potential problems. [Adopted 7/17/08.]

Section 10.2 - Feeding of Squirrels and Chipmunks Prohibited

10.2.1. The feeding of squirrels and chipmunks is prohibited. This includes using peanuts (shelled or unshelled), corn, or whole nuts on the ground, on window sills, or on feeding platforms for the express purpose of attracting squirrels. [Adopted 7/17/08.]

10.3 - Placement of Bird Feeders

10.3.1. With the exception of Hummingbird feeders (which pose no problem), no feeding of ANY wildlife is allowed in the Village, including birds, rodents, raccoons, rats, rabbits, coyotes, ducks, geese, etc. [Amended 10/10/13]

10.4 - Owner to Report Suspected Rodent Entry

10.4.1. If rodent entry into the crawl space or attic is suspected, the apartment Owner should immediately by phone contact the Building and Roads Committee, which will arrange for the appropriate experts to capture or eliminate the rodents. [Adopted 7/17/08.]

10.5 - Owners Who Feed Birds May Be Responsible for Rodent Damage

10.5.1. Those owners who feed birds should understand the potential risk and recognize that if a serious problem occurs due to rodent activity in crawl spaces or attics as a result of bird feeding they will need to bear some of the responsibility for cleanup and repair of any damage. [Adopted 7/17/08.]

10.6 - Matters for the Board to Consider in Assigning Financial Responsibility

10.6.1. In July 2005 the Board adopted a regulation that the Owner is responsible for damage to and repair of the common areas caused by his or her negligence. Foundations, crawl spaces, and attics are common areas. In applying the 2005 regulation to rodent

RULES & REGULATIONS

control to determine financial responsibility for cleanup and repair of damage caused by rodents, the Board shall, as a minimum, consider the following:

- (1) Whether, how, and the extent to which the apartment Owner was negligent. Negligence could, for example, have resulted from: feeding squirrels or chipmunks, which is prohibited; feeding birds; or failing to eliminate potential rodent entry points during activities initiated by the Owner or previous Owner such as having an air conditioner installed. [Adopted 7/17/08, amended by "Placement of Bird Feeders, Adopted 10/10/13.]
- (2) Whether, how, and the extent to which VACCA was negligent. Negligence could, for example, have resulted from the Buildings and Roads Committee failure to periodically look for and appropriately eliminate: possible rodent entry points including ill-fitting crawl space covers and holes in or missing foundation vent screens; and holes gnawed by rodents. [Adopted 7/17/08.]
- (3) If the Board, in good faith, cannot determine that there was a direct connection between the actions of an Owner and damage caused by rodents, then VACCA shall assume the full financial responsibility for all cleanup and repair. [Adopted 7/17/08.]

12.3.1. Recreational Vehicles of resident owners must be kept in the RV storage area at all times, except they may be parked near the owner's condominium unit for a total of 2 days in any 15-day period for the purpose of re-stocking and destocking of supplies. Washing of the vehicle and any repair work must be done in the RV storage area. [Adopted 8/1/90, informal 8/8/90 & 9/12/90, adopted 1/10/02 as corrected 2/14/02, amended 12/11/03, amended 4/10/08.]

12.3.2. All vehicles stored in the RV lot must be licensed and operable. [Adopted 10/16/07, amended 4/10/08.]

12.3.3. Storage space in the RV storage area will be assigned by the RV lot chairman, who shall keep a list of the assignments. The chairman will also maintain a list showing the size of each space so that at any time a request for space is received he or she will know whether or not the request can be accommodated. With the agreement of the owners involved, the chairman may have to shuffle assigned spaces so that all vehicles fit in their assigned spaces. [Informal 8/8/90, adopted 1/10/02 as corrected 2/14/02, amended 12/11/03, amended 4/10/08, amended 7/9/15.]

12.3.4. A fee will be charged for all assigned spaces, in an amount established from time to time by the Board. Vehicles must be placed in the spaces assigned to them. Space assignments will be made only to owners for vehicles which are their own personal

RULES & REGULATIONS

property. To secure a space the owner must show proof of ownership of the vehicle that will occupy the space. No owner may be assigned more than one space unless approved by the Board. [Informal 8/8/90, adopted 1/10/02 as corrected 2/14/02, amended 12/11/03, amended 4/10/08, amended 7/9/15.]

12.3.5. To retain the space assigned an owner must continue to pay the monthly fee even if the vehicle is not there. Subleasing spaces is prohibited. If the space assigned to an owner will be vacant for 6 months or more, the lot chairman should be advised and he or she can allow another owner to use the space in the absence of the owner to whom the space is assigned, provided that both pay the fee for the space. If an owner sells the RV using the assigned space and plans on buying a replacement, he or she can retain the space so long as the fee is paid. When an owner ceases to use the assigned space or does not pay the fee for a month, the space will be declared vacant, and re-assigned. [Informal 8/8/90, adopted 1/10/02 as corrected 2/14/02, amended 12/11/03, amended 4/10/08, amended 7/9/15.]

12.3.6. When space is available other owner's vehicles, including additional RVs and cars or trucks, may be parked in the lot subject to a written request to the Board and approval by the Board. Such approval shall be made only with the understanding that if another owner not already assigned a space submits a request to park an RV in the lot, the owner using multiple spaces will be subject to relinquishing any space above the one originally assigned him or her. Should this situation occur, the lot chairman shall submit to the Board a recommendation, with rationale, as to which owner will be asked to relinquish space. RVs will take precedence over other vehicles for these spaces. [Adopted 8/1/90, informal 8/8/90, adopted 1/10/02 as corrected 2/14/02, amended 8/16/05, amended 4/10/08, amended 7/9/15]

12.3.7. The RV lot chairman shall notify the Treasurer monthly in writing regarding which owners have spaces assigned to them. [Adopted 4/10/08, amended 7/9/15.]

12.3.8. Resident owners who own recreational vehicles for which there is no space in the RV storage area must find storage for them outside the Village, and they can be put on a wait list to obtain space. Resident and nonresident owners who sell their condominium units should inform their buyers that space in the RV storage area is limited, and that they may have to be put on a wait list to obtain space. The lot chairman shall maintain the wait list of resident owners requesting space with size requested so any new resident owner moving in will have an idea what is available or how many are ahead of him or her for a certain size space, so he or she can plan accordingly. [Adopted 8/1/90, informal 8/8/90, adopted 1/10/02 as corrected 2/14/02, amended 4/10/08.]

12.3.9. RV owners must provide suitable blocks to prevent their RVs from backing into the fence of the RV storage area. Any damage to the fence will be the responsibility of the RV owner. [Adopted 8/22/90, amended 12/11/03.]

RULES & REGULATIONS

SECTION 14 – FEES, FINES AND HEARINGS

Section 14.1 - Introduction

14.1.1. The Village at Cordata is a condominium community based on individually owned units that share common and limited-common elements. As such, it is the responsibility of all owners and tenants to respect, maintain, and safeguard the standards set forth by the Village at Cordata Condominium Association (“VACCA” or “Association”) and its Board of Directors (“Board”) under the auspices of the applicable laws of the State of Washington (Revised Code of Washington, sometimes abbreviated as “RCW”) as well as VACCA’s Governing Documents (Declarations, By-Laws, and Rules & Regulations). Any violation of the VACCA Governing Documents will be subject to the following Fee and/or Fine procedures. As tenant violations are the responsibility of the respective unit owner, they will be addressed to the owner for compliance.

Section 14.2 - Assessments:

14.2.1. Pursuant to RCW 64.34.020(3), the term “Assessment” means all sums chargeable by the Association against a unit including, without limitation: (a) regular and special assessments for common expenses, charges, and fines imposed by the Association; (b) interest and late charges on any delinquent account; and (c) costs of collection, including reasonable attorneys’ fees, incurred by the Association in connection with the collection of a delinquent owner’s account.

14.2.2. VACCA has separated those Assessments into two categories: (1) “Fees” which are those charges associated with monthly dues assessments, special assessments, and delinquent accounts; and (2) “Fines” which are those charges associated with violations of VACCA’s Governing Documents.

Section 14.3 - Fees

14.3.1. Monthly Dues Assessments: Monthly Dues Assessments, as approved by the Board and ratified by the Owners, are due on the first (1st) day of each month. If an Owner does not timely pay the monthly dues assessment, in full, by the fifth (5th) day of the month, the payment shall be deemed delinquent and subject to the Late Fees set forth in the Schedule of Late Fees in 14.3.3 below.

14.3.2. Special Assessments: Special Assessments, as approved by the Board and ratified by the Owners, are due at the time, and in the manner, set forth in the special assessment document. If an Owner does not pay the special assessment in the time and manner required, the payment shall be deemed delinquent and subject to the Late Fees set forth in the Schedule of Late Fees in 14.3.3 below.

RULES & REGULATIONS

14.3.3. Schedule of Late Fees

(1) After 5 calendar days: \$25.00;

(2) After 15 calendar days: An additional \$10.00.

14.3.4. Late Fees Added to Monthly Dues or Special Assessment Payment: Any assessed late fees shall be added to the next Monthly Dues Assessment, or to the payment of the Special Assessment, along with any costs of collection.

Section 14.4. - Fines

14.4.1. Minor Offense: A minor offense is a violation of the VACCA Governing Documents which does not involve a threat to human health and safety or a risk of harm to valuable property. A minor offense shall be subject to the Schedule of Fines for Minor Offenses listed in 14.4.4(1) below.

14.4.2. Major Offense: A major offense is a violation of the VACCA Governing Documents which involves a threat to human health or a risk of harm to valuable property. A major offense shall be subject to the Schedule of Fines for Major Offenses listed in 14.4.4(2) below.

14.4.3. Continuing Offense: A continuing offense means an on-going violation where each day of non-compliance constitutes a separate offense for which a daily fine may be imposed. This includes the failure to pay a Monthly Dues Assessment, Special Assessment, Late Fee, or Fine more than ninety (90) calendar days after it becomes due.

14.4.4. Schedule of Fines

(1) Minor Offenses:

- (a) First Offense: \$20.00
- (b) Second Offense: \$40.00
- (c) Third Offense: \$125.00
- (d) Continuing Offense: \$10.00/day

(2) Major Offense:

- (a) First Offense: \$80.00
- (b) Second Offense: \$160.00
- (c) Third Offense: \$500.00
- (d) Continuing Offense: \$50/day

RULES & REGULATIONS

Section 14.5 - Hearing Procedures:

14.5.1. Pre-Sanction Hearings: In any matter in which a fine is proposed for a violation of the VACCA Governing Documents, or in any other matter wherein the Board in its discretion deems it necessary or advisable, an Owner shall be afforded the opportunity for a hearing before the Board to determine the appropriate action (if any) to be taken. Such hearing will be governed by the procedures set forth in Sections 5(b) to 5(l) below.

14.5.2. Notice of Violation: Upon vote of a majority of the Board, a written Notice of Violation shall be prepared. The Board's discussion and vote relating to the issuance of a Notice of Violation may be done in executive session. A Notice of Violation shall include the following information:

- (1) A statement, in reasonable detail, of the factual nature of the alleged violation;
- (2) A citation to the Declaration, By-Law, or Rule & Regulation allegedly violated;
- (3) The nature of the action proposed to be taken against such Owner including the dollar amount of any fine which could be imposed under the Schedule of Fines; and
- (4) The date by which the Owner's Request for a Hearing must be received by the Board.

14.5.3. Service of the Notice of Violation: The Notice of Violation shall be hand-delivered to the Owner, mailed via registered or certified mail, or sent to the Owner via any private delivery service such as FedEx or United Parcel Service. The Notice of Violation shall be deemed served upon the Owner on the date it was hand-delivered, or delivered via United States Postal Service or private delivery service, to the Owner's condominium unit or such other address known to the Board as the Owner's residence at the time of the issuance of the Notice of Violation.

14.5.4. Request for a Hearing: In order to contest the Notice of Violation, the Owner shall file a written Request for a Hearing. The Request for a Hearing must be received by the Board not more than fourteen (14) business days following the service of the Notice of Hearing upon the Owner. The Request for a Hearing shall be served upon the Board by: (1) placing it in the Board's Drop-Box in the VACCA clubhouse; or (2) sending it via United States mail or private delivery service to the following address: Board of Directors, Village at Cordata Condominium Association, 4848 N. Village Lane, Bellingham WA 98226.

14.5.5. Form and Content of Request for a Hearing: The Request for a Hearing shall be made in writing and shall be signed by or on behalf of the Owner. The Request for a Hearing need not take any particular form but shall contain a brief statement of any reason

RULES & REGULATIONS

or reasons known to the Owner that the proposed sanction should not be imposed or the sanction should be mitigated.

14.5.6. Establishment of a Hearing Date: In the event that a hearing is requested by an Owner, no sanction may be imposed until the requested hearing is held. Upon receipt of the Request for a Hearing, a Notice of Hearing shall be prepared and hand-delivered or delivered via registered or certified mail, return receipt requested, or via private delivery service. The Notice of Hearing shall include the location, date, and time of the hearing. The Notice of Hearing shall be issued not more than fourteen (14) business days after receipt of the Request for a Hearing. The hearing date shall, if possible, be set in consultation with the Owner, but shall be no more than sixty (60) calendar days after receipt of the Request for a Hearing.

14.5.7. Hearing Procedures:

(1) **Hearing Members:** At the hearing, the President (or a Board member designated by the President) shall preside. The hearing shall be conducted generally in accordance with the requirements for Meetings of the Board as provided in Section IV-5 of the VACCA By-Laws. A Board member may participate in the hearing in-person or via telephonic, video, or other conferencing process.

(2) **Objectivity of the Board:** Any Board member who believes that she/he would be unable to be fair, objective, and unbiased in the proceedings shall disqualify herself/himself prior to the commencement of the hearing.

(3) **Counsel and Representatives:** Both the Owner who is the subject of the hearing and the Association may be represented by counsel. Alternatively, either party may appoint a non-lawyer Owner or other individual as its representative for purposes of the hearing.

(4) **Public Nature of the Hearing:** The hearing shall be open to the public unless the Owner, prior to the date of the hearing, requests in writing that the hearing be closed to the public. If the Owner requests a non-public hearing, the Board shall conduct the hearing in executive session and only those persons deemed necessary to the hearing may attend.

(5) **Minutes and Recording:** Minutes shall be taken and, if requested by either the Board or the subject Owner, the hearing may be recorded stenographically, by audio or audio-video, or other equivalent means. The requesting party shall bear any costs associated with recording the hearing.

RULES & REGULATIONS

(6) Rules of Evidence: Formal rules of evidence shall not apply. However, the Presiding Officer may limit or bar any evidence or statement that is irrelevant, unduly repetitive, argumentative, or discourteous.

(7) Initial Proofs: The Notice of Violation (with proof of service), Request for a Hearing, Response to the Request for Hearing (if any), and Notice of Hearing (with proof of service) shall first be entered into the record.

(8) Order of Proofs: The Association shall proceed first and shall present its evidence relating to the allegations set forth in the Notice of Violations. The Owner may then present evidence in defense or mitigation. The Association may present rebuttal evidence. At the conclusion of the evidence, each party may make a closing statement.

(9) Testimony, Witness Statements, and Documents: Live testimony from witnesses having personal knowledge of the matters relating to the allegations of the Notice of Violations shall be received where practicable. A witness may, however, testify via telephonic, video, or other conferencing process if prior arrangements are made with the Presiding Officer. Witnesses shall not be sworn. Signed written statements may be received in lieu of live testimony as the interests of justice may require. Signed statements need not be in the form of an affidavit and need not be sworn or notarized.

Relevant documentary evidence shall also be received. The party presenting a written statement or other documentary evidence shall: (a) provide at least three copies: one each for the Presiding Officer, the Association's representative, and the Owner; and (b) bear the cost of photocopying the documents.

14.5.8. Default:

(1) In the event that the Owner fails to Request a Hearing, the Owner may be deemed in default and no hearing shall be required. Upon proof of service of the Notice of Violation and a statement from the Board Secretary (or other Board member) that no Request for a Hearing has been timely received, the Board may proceed to determine the sanction (if any) to be imposed.

(2) In the event that an Owner timely requests a hearing but fails to appear for the hearing, the Owner may be deemed in default. Upon receipt of the proof of service of the Notice of Violation and the Notice of Hearing, and upon receipt of a proffer or verbal summary of the proposed evidence that establishes the existence of the violation, the Board may proceed to determine the sanction (if any) to be imposed.

RULES & REGULATIONS

14.5.9. Continuances: In its discretion, if the interests of justice require, the Board may continue the hearing at the request of the Owner or the Association's representative. Such continuation shall be for a reasonable period, not to exceed thirty (30) calendar days, as may be deemed necessary.

14.5.10. Decision: The Board may issue its decision upon default by the Owner, at the close of the hearing, or may adjourn and render its decision at a later date not to exceed thirty (30) calendar days after the hearing concludes. The decision shall be in writing, but need not contain detailed findings of fact or conclusions of law, and shall be hand-delivered, mailed, or sent via private delivery service to the Owner and her/his attorney or representative. The original copy of the Decision shall be dated and signed by the Presiding Officer and filed among the minutes of the Board.

14.5.11. Assurance of Voluntary Compliance in Lieu of Hearing: The Board may, with or without holding a hearing and at any time prior to rendering its Decision, accept from the Owner an Assurance of Voluntary Compliance in lieu of further proceedings subject to such terms and conditions as the Board may deem reasonable. The Assurance of Voluntary Compliance shall include a written statement, signed by the Owner, setting forth in reasonable detail the manner in which the Owner will correct the violation and prevent future similar violations. If the violation caused financial damage to the Association or another person or property, the Board may require the Owner to pay for such damages or take such other action as may be reasonable and appropriate under the circumstances.

14.5.12. Alternative Forms of Dispute Resolution Authorized: In addition to the rights, remedies, and procedures described above, the Board may, with the consent of the affected Owner and any other interested party, agree to resolve any dispute through mediation, binding or non-binding arbitration, or such other alternative dispute resolution mechanism as may be deemed appropriate, at the discretion of the Board. The party requesting the alternative dispute resolution shall bear the cost thereof, unless the parties otherwise agree.

14.5.13. Other Remedies: The imposition of Fees and/or Fines, or the acceptance of an Assurance of Voluntary Compliance or Alternative Form of Dispute Resolution, does not negate the Association's ability to pursue such other remedy or remedies as are permitted by law.

14.5.14. Effective Date: This Rule/Regulation shall be effective as of June 1, 2023.
